

**VALUE-500 PLUS**

## MAINTENANCE SERIES

# VALUE-500 PLUS

## Air Conditioner Servicing Machine Automobile Air Conditioner Doctor

Provides full automatic service to Automatic A/C refrigeration system without disassembly nor damage, which includes recycling, evacuation and recharging of both R134A and R1234YF refrigerant types. It has significant improvement on poor automotive A/C refrigeration effect, compressor overload, loud noise and high fuel consumption.

## Functions

Flushing-Recovery

Recovery

Vacuum

New Oil Adding

Recharging

Auto Mode

## Features

- Non-disassembly maintenance that save time and effort and reduce accessories loss
- Refrigerant recycling
- Improve the power of the car and refrigeration effect
- Effectively filter the impurities of the refrigerant to reduce compressor wear
- Automatic full service without manual intervention
- Accurate recharging with built-in automotive A/C database that covers mainstream models
- Running silently with imported compressor
- Visible operation steps with built-in LCD display
- Support both R134A and R1234YF refrigerant
- Large-size glass tube with LED backlighting, can effectively observe the entire cleaning process
- Forward and reverse flushing functions, which greatly improve the cleaning effect
- Operation result print automatically

## Parameters

Power Supply	AC110V/AC220V 50Hz/60Hz
Power	180W
Working Temperature	10~50°C
Relative Humidity	<85%
Vacuum Pump	42L/min
Limiting Vacuum	5Pa
Interface	SAE1/4
